Took classes on HTML and CSS

PROJECTS

Beer for you — https://christianlievrouw.github.io/beerSite/

Very first project in Code 102 – Languages used: HTML, CSS, Javascript

Many challenges on this project due to it being the first ever website with no real coding experience. Worked through problem solving to get code to run properly.

Salmon Cookies — | https://github.com/ChristianLievrouw/salmonProject

Code 201 project – Languages used: HTML, CSS, Javascript

Project used JavaScript to create a table to show data for each store's sale.

Salmon Cookies — | https://github.com/ChristianLievrouw/bussMall

Code 201 project – Languages used: HTML, CSS, Javascript

SKILLS

Obtaining skills in:

Javascript, HTML5, CSS3

LANGUAGES

English

LinkedIn
